OGC HAS REVIEWED.

25X1

Chief, Services Division	31 May 1950
Legal Staff	
Contract	
reviewed the file in t is case and	none conversation, I have again the proposed letter to as indicated in the contract
2. It is our understanding the maximum of \$200.00 per month. Fisce rate of \$1.15, computed in accordant letter of 14 March 1950 to I acknowledged the \$1.15 rate and their accounting practices conformatively have incurred excessive charge parently as the result of salary parently as	the with the description in your in a letter dated 27 March 1950, in specifically agreed to make has now discovered that in the amount of \$200.00, ap-
rather than \$1.15, although the max exceeded. Invoices were returned t tual number of hours worked, and no	imum \$200.00 monthly has not been of the sc-
in reaching an agreement on the com- tract is explicit on its face and w wording of Article 2 a., specifying sible to supplement the file with a the parties intended the \$1.15 rate mechanic in reaching a \$200.00 maxi- ly be submitted to the General Acco- liowever, we should like to point on ficult, if not impossible, todevelo clear and its terms were accepted b tion of the agreement itself, but a 27 March 1950.	s find it difficult to avoid the \$1.15 per hour. If it is pos- iditional proof that neither of to apply except as a fiscal mum, the contract could conceivab- ming Uffice for reformation. I that we feel it would be dif- p such proof. The contract is y not only through execu- lso in the subsequent letter of
here, and as the Comptroller Genera 20 Comp. Gen. 418, page 420: "It is agents and officers of the Governme the money or property of the United rights which have accrued to the Un contracts without a compensating be ing appears here to justify or auth In that particular case advanced in	a long established rule that at have no authority to give away States, to waive contractual ited States, or modify existing refit to the Government, and notherize a departure from that rule. Toor rates under a lump-sum contract chinding obligation on the Contractor.

not appear to be grounds for relief in the absence of clear error or misunderstanding. In any event, the proper person to make the determination would not be the Contracting Officer, but the General Accounting Office, as the Comptroller pointed out in his opinion of 15 Comp. Gen. 238 in a case where reformation was sought on the basis of a mutual mistake. To quote: ** Administrative officers of the Government are without authority to reform contracts under which the United States has obtained wested rights as in the instant case. Reformation of contracts is a judicial, and not an administrative function, and may be effected only when the established facts fully justify such action. * With respect to obligations of, and those in favor of, the United States, however, the jurisdiction being in the accounting officers of the Government to make final settlement, the procedure has long been and operates to save the cost and delay of litigation, on submission to them of the facts fully justifying, to authorize adjustments having a like effect." The file, in its present condition, does not warrant submission to the GAO.

5. As we have pointed out verbally, any hardship on the Contractor or his employees can still be avoided. Since the Contractor has indicated that the actual number of hours worked was not properly computed, and since there is no limitation to a 40-hour workweek, the invoices could be revised to reflect the actual number of hours worked at a \$1.15 rate. Subject to the \$200.00 monthly limit, we presume this would absorb the expense which could not be allowed at \$1.25 per hour on a 40-hour week.
